

V. Risk Appetite – Higher You are open to uncertainty, experimentation, and bold choices. You enjoy pushing boundaries and thrive in innovation, entrepreneurship, or high-growth environments.

VI. Risk Appetite – Lower You prefer caution, analysis, and informed planning. You seek calculated progress and are drawn to roles with minimal volatility and more predictable outcomes.

VII. Agility – Agile You adapt quickly to new tools, goals, or environments. You embrace change, pivot easily, and perform well in roles requiring flexibility and ongoing learning.

VIII. Agility – Rooted

You prefer consistent systems and steady evolution. You feel more effective when working within stable frameworks that change gradually and with clear justification.
